The Buyers, Buying houses and importers of Textiles in Japan from India

Dear sir/ ma'am

Greetings from Embassy of India, Tokyo!

The global outbreak of COVID-19 has resulted in disruption of all economic activities in various countries of the world including India. Because of the present lock-down situation in India the transportation facilities are also affected which may result in delayed delivery schedules by the exporters of textiles from India.

On behalf of producers/exporters of Textiles from India, the Embassy of India, Tokyo would like to request various buyers, buying houses and importers of textiles in Japan to consider not to cancel the already placed orders because of the delay in delivery schedules as the present scenario mandates doing business with compassion. We would further like to mention that considering the present situation delivery schedules can be reworked and payment plans can be extended on the basis of mutual understanding and compassion.

We hope that the long relations between the companies in Textile sector of the two countries will further strengthen in the wake of present adverse situation.

Regards

Embassy of India, Tokyo
